ATLANTA 2003

cow + parade

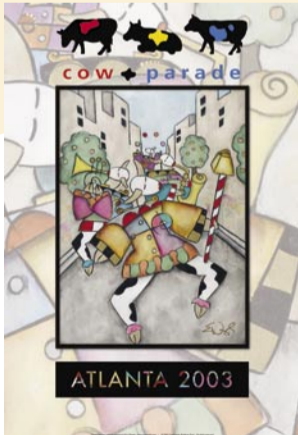

## What is CowParade™?

CowParade™ is the world's largest public art event and, quite possibly, the most fun you can have outdoors with cows! More than 150 life-sized fiberglass cows painted by local artists decorate Atlanta's streets. CowParade cows will be grazing in Atlanta beginning June 28 through September 26. Ride MARTA so you can see, touch and learn about every cow in the parade!

## Why Cows?

There is really no other animal that can adequately be substituted for the cow. The surface area and bone structure are just right for decorating. The cow sculptures, created by artist Pascal Knapp, were designed specifically to be art canvases. No other animal can be transformed into something else entirely, yet retain its identity. Lastly and equally as important, the cow is an animal we all love and they make people smile!

## History of CowParade Atlanta

The original CowParade event was in Zurich, Switzerland, in 1998. Since then, the cows have exhibited in 13 cities worldwide. The cows have never visited the South. Our city was

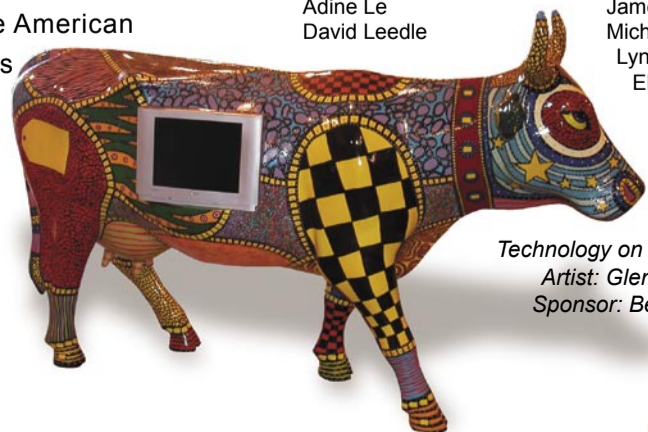

the obvious Southeastern choice for CowParade, "We waited to find the right partners to make our Southeastern debut in Atlanta," said Jerry Elbaum, President of CowParade Holdings. Host sponsor, McKenna, Long & Aldridge caught cow-fever early and has helped make CowParade Atlanta a vibrant reality. "CowParade has brought smiles to millions of people around the world, we're delighted to bring CowParade to Atlanta," said Evelyn Ashley, Chairman of CowParade Atlanta and a partner with McKenna Long & Aldridge. Since CowParade Atlanta 2003 was first announced, the support and excitement has grown daily as Georgians ready themselves for Atlanta's very own CowParade!

## Who CowParade Benefits

CowParade not only adds color and vibrancy to each city it visits, but also raises much needed funds for charity. Proceeds from CowParade Atlanta will benefit the Southeast Division of the American Cancer Society in conjunction with its 2003 fundraiser, the Cattle Baron's Ball. The secondary beneficiary is TechBridge, a non-profit providing subsidized technology consulting and development services to Georgia charitable organizations.
